We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have zero tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff and volunteers to inform our ongoing strategies.

## **Specific staff child safety responsibilities**

Healesville High School has nominated members of the leadership and wellbeing teams to support the principal to implement child safety policies and practices, including staff and volunteer training.

The principal and child safety champions are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

The principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy.

The principal is also responsible for informing the school community about this policy and making it publicly available.

Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Abuse (including grooming) – Identification and Response Policy and Procedures, and Child Safety Risk Register.

The school's leadership and wellbeing teams meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing.

## **Child Safety Code of Conduct**

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct [<https://www.healesvillehs.vic.edu.au/copy-of-about-hhs>] also includes processes to report inappropriate behaviour.

## **Managing risks to child safety and wellbeing**

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

## **Establishing a culturally safe environment**

At Healesville High School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We promote cultural safety through:

- celebration of significant events including NAIDOC Week and Reconciliation Week
- inclusion of Aboriginal perspectives across the curriculum
- visible displays of Aboriginal and Torres Strait Islander flags, artwork and educational resources
- engagement with Koorie Education Support Officers (KESOs) and community organisations where appropriate.

## **Student empowerment**

To support child safety and wellbeing at Healesville High School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and responsibilities.

Respectful relationships between students are reinforced through the school's values of Community, Opportunity, Respect and Endeavour, alongside the school's whole-school approach to respectful relationships and student wellbeing.

We inform students of their rights through wellbeing programs, Respectful Relationships education and student leadership opportunities, and give them the skills and confidence to recognise unsafe situations and seek support from trusted adults.

Students are encouraged to report concerns relating to themselves or their peers at any time through wellbeing staff, trusted teachers, school leadership or the school office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account, take them seriously, support the student and keep them and their parents/carers informed about progress where appropriate.

## Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Healesville High School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

### **Complaints and reporting processes**

Healesville High School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found on the school website

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow our Child Abuse (including grooming) – Identification and Response Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending
