

Healesville High School

Child Safety Policy

Purpose

Healesville High School's Child Safety and Wellbeing Policy demonstrates our school's commitment to creating and maintaining a child safe and child-friendly organisation, where children and young people are safe and feel safe.

This policy provides an overview of our school's approach to implementing [Ministerial Order 1359](#) (PDF, 363KB) which sets out how the Victorian Child Safe Standards apply in school environments.

It informs our school community of everyone's obligations to act safely and appropriately towards children and guides our processes and practices for the safety and wellbeing of students across all areas of our work.

Scope

This policy:

- applies to all school staff, volunteers and contractors whether or not they work in direct contact with students. It also applies to school council members where indicated.
- applies in all physical and online school environments used by students during or outside of school hours, including other locations provided by for a student's use (for example, a school camp) and those provided through third-party providers
- should be read together with our other child safety and wellbeing policies, procedures, and codes – refer to the related school policies section below.

Definitions

The following terms in this policy have [specific definitions](#):

- child
- child safety
- child abuse
- child-connected work
- child-related work
- school environment
- school boarding environment
- school staff
- school boarding premises staff
- school governing authority
- school boarding premises governing authority
- student
- volunteer.

Statement of commitment to child safety

Healesville High School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

Healesville High School Child Safety Policy

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences. Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Roles and responsibilities

School leadership team

Our school leadership team (comprising the principal, assistant principal and leading teachers) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

Principals and assistant principals will:

- Ensure effective child safety and wellbeing governance, policies, procedures, codes and practices are in place and followed
- Model a child safe culture that facilitates the active participation of students, families and staff in promoting and improving child safety, cultural safety and wellbeing
- Enable inclusive practices where the diverse needs of all students are considered
- Reinforce high standards of respectful behaviour between students and adults, and between students
- Promote regular open discussion on child safety issues within the school community including at leadership team meetings, staff meetings and school council meetings
- Facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- Create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

School staff and volunteers

All staff and volunteers will:

- Always follow the school's child safety and wellbeing policies and procedures
- Act in accordance with our Child Safety Code of Conduct

Healesville High School Child Safety Policy

- Identify and raise concerns about child safety issues in accordance with our Child Safety Responding and Reporting Obligations Policy and Procedures, including following the [Four Critical Actions for Schools](#)
- Ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
- Implement inclusive practices that respond to the diverse needs of students.

School council

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

- Approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to school council employees and members
- When hiring school council employees, ensure that selection, supervision, and management practices are child safe. At our school, school council employment duties are delegated to the principal who is bound by this policy.

Specific staff child safety responsibilities

Child safety is the responsibility of all staff. Some staff, however, have particular roles in ensuring we are complying with mandated policies and providing a safe environment for all students. These include:

- Student Managers and members of the Student Wellbeing team are often the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents. They are supported in their decision making by the sub-school leaders, the Assistant Principal and the Principal
- The Principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach the Principal if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available
- The Student Wellbeing team meet regularly to consider student referrals and in doing so, they discuss the safety of students and make decisions regarding reporting and other relevant interventions at this time.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour. This document can be found on the school website.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight

Healesville High School Child Safety Policy

camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Healesville High School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Yarning Circles- held once a term, with DET representatives. All Aboriginal and Torres Strait Islander students are invited and encouraged to attend
- The appointment of a Koorie Advocate and a Marrung Lead
- Annual attendance at the Worawa Reconciliation Sport tournament
- The celebration of and acknowledgement of NAIDOC week via a cross-curricular project at Year 7 and Year 8
- The acknowledgment of Kevin Rudd's apology and Closing the Gap day via home group activities
- Participation in the Yarra Ranges Tech. School Koorie program
- Strong links to Oonah Belonging Place, a local health and community service dedicated to Aboriginal and Torres Strait Islander families
- A program called Young Warriors, which is run by Oonah and targeted at male Aboriginal and Torres Strait Islander students
- The inclusion of an Acknowledgment of Country at assemblies and other events where a large number of people are gathered.

Student empowerment

To support child safety and wellbeing at Healesville High School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values and our home group system.

We inform students of their rights through and Humanities and Health and Physical Education curriculum, and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns by speaking to one or more of the following; the child's Year Level Manager, a member of the Student Wellbeing Team, the Assistant Principal or the Principal.

Healesville High School Child Safety Policy

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Healesville High School, we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- All of our child safety policies and procedures will be available for students and parents on our school website
- PROTECT Child Safety posters will be displayed across the school
- Parents will have the option to provide feedback via the annual Parent Opinion Survey
- At various other times, throughout each year, we will seek parents' opinions on a range of school related issues, including Child Safety
- The Principal welcomes parents and students to provide feedback and responds to such requests in a timely manner.

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- Children from culturally and linguistically diverse backgrounds
- Children and young people with disabilities
- Children unable to live at home or impacted by family violence
- Children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy provides more information about the measures we have in place to support diversity and equity.

Suitable staff and volunteers

At Healesville High School, we apply robust child safe recruitment, induction, training, and supervision practices to ensure that all staff, contractors, and volunteers are suitable to work with children.

Staff recruitment

When recruiting staff, we follow the Department of Education and Training's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)
- [School Council Employment](#)
- [Contractor OHS Management.](#)

When engaging staff to perform child-related work, we:

- Sight, verify and record the person's Working with Children clearance or equivalent background check such as a Victorian teaching registration
- Collect and record:
 - Proof of the person's identity and any professional or other qualifications
 - The person's history of working with children
 - References that address suitability for the job and working with children.
 - References that address suitability for the job and working with children.

Staff induction

All newly appointed staff will be expected to participate in our child safety and wellbeing induction program. The program will include a focus on:

- The Child Safety and Wellbeing Policy (this document)
- The Child Safety Code of Conduct
- The Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures and
- Any other child safety and wellbeing information that school leadership considers appropriate to the nature of the role.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

Suitability of volunteers

All volunteers are required to comply with our Volunteers Policy, which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

Child safety knowledge, skills and awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Healesville High School Child Safety Policy

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- Our school's child safety and wellbeing policies, procedures, codes, and practices
- Completing the [Protecting Children – Mandatory Reporting and Other Legal Obligations](#) online module annually
- Recognising indicators of child harm including harm caused by other children and students
- Responding effectively to issues of child safety and wellbeing and supporting colleagues who disclose harm
- How to build culturally safe environments for children and students
- Information sharing and recordkeeping obligations
- How to identify and mitigate child safety and wellbeing risks in the school environment.

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

Complaints and reporting processes

Healesville High School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found at on our school website.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.

Communications

Healesville High School is committed to communicating our child safety strategies to the school community through:

- Ensuring that key child safety and wellbeing policies are available on our website including the Child Safety and Wellbeing Policy (this document), Child Safety Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedure
- Displaying PROTECT around the school
- Updates in our school newsletter and via Compass
- Ensuring that child safety is a regular agenda item during school level meetings

Privacy and information sharing

Healesville High School collects, uses, and discloses information about children and their families in accordance with Victorian privacy laws, and other relevant laws. For information on how our school collects, uses and discloses information refer to: [Schools' Privacy Policy](#).

Records management

We acknowledge that good records management practices are a critical element of child safety and wellbeing and manage our records in accordance with the Department of Education and Training's policy: [Records Management – School Records](#)

Review of child safety practices

At Healesville High School, we have established processes for the review and ongoing improvement of our child safe policies, procedures, and practices.

We will:

- Review and improve our policy every 2 years or after any significant child safety incident
- Analyse any complaints, concerns, and safety incidents to improve policy and practice
- Act with transparency and share pertinent learnings and review outcomes with school staff and our school community.
